

Orton Gillingham: A Multisensory Structured Language Approach to Teaching Literacy Skills to Children with Learning Disabilities

On March 1st , 2nd ,3rd 2012 at Flora Creek Deluxe Hotel Apartments Dubai - UAE

Accredited by the Academy of Inclusion of Special Needs (UK) & Reach Centre (Canada)

A 3 day training course

Orton-Gillingham (OG) is the recognized intervention approach in North America for students with dyslexia. Orton-Gillingham is a sequential, cumulative, systematic, cognitive approach to teaching reading, writing and spelling concepts to students who struggle with the acquisition of these skills. Initially developed for one to one therapeutic tutorials, OG is also used effectively in small groups and in classroom settings. This means, the lessons are individualized and prescriptive to the student's level which requires the teacher to be highly trained and knowledgeable with a thorough understanding of concepts relating to the deep and broad structure of language. Each participant will receive certificate from Academy of Inclusion of Special Needs (UK) & Reach Center (Canada).
